Overcoming opposition

In Spring 2025 will look at how we overcome the things that oppose us in the Christian life. Playing football without an opposing team on the pitch would be easy, but that would be an unusual scenario! If we try to live for Christ but ignore the fact that we have an opposition, it'll come as a surprise when we get tackled. On the other hand, if we know the opposition is there and are aware of their tactics, we can be well equipped to stand up to them. So in this preaching series, we'll think about sin, temptation, the devil, and Jesus' victory.
